

OUR WORK

IATI has been pivotal in promoting transparency of development resources for over 16 years. Launched at the Third High Level Forum on Aid Effectiveness in 2008, IATI's data standard has been globally endorsed and the initiative has the support of over 100 members.

KEY ACHIEVEMENTS

Transparency of aid:

2/3

of official development assistance (ODA) now represented in IATI – delivering timely, project-level aid data.

Country ownership & effectiveness:

19

partner country governments report using IATI data, including Chad, Liberia and Nigeria. IATI data is informing national budgets, development cooperation reports, and Aid Information Management Systems.

Accountability of more resources:

Over 1,700

IATI publishers, sharing data on resources far beyond ODA.

Donor governments

Multilateral organisations

Development finance institutions

Philanthropic foundations

Fund managers

Non-governmental organisations

Academic, training and research organisations

Private sector organisations

USE CASES

African Development Bank

showcases the investment of 5,500+ projects through IATI data on their online portal MapAfrica.

Netherlands Ministry of Foreign Affairs

has used the IATI Standard to trace spending, projects & results of 500+ delivery partners.

The Global Alliance for Food Security (GAFS)

utilises IATI data to respond to food and nutrition crises effectively.
