

Introduction to IATI

Members' Assembly, Brussels

IATI Secretariat

11 September 2019

What is IATI?

IATI VISION:

“Transparent, good quality information on development resources and results is available and used by all stakeholder groups to help achieve sustainable development outcomes.”

- agreed at IATI’s first Members’ Assembly in 2016.

How does IATI work?

Donors and NGOs

Recipient country governments

Civil society organisations

IATI publishers

Journalists

Politicians

Academics

Citizens / taxpayers

Why use IATI data?

Future spending plans, not just past spending

Information beyond finances

Many kinds of resources

Trace funds through complex delivery chains

Discover more organisations

Up-to-date information

All the data in one place

Compare data from different organisations

Case studies

Madagascar case study

The Government of Madagascar uses IATI data to discover millions of dollars of spending on development and humanitarian projects in the country, that were previously unknown to them.

[READ MORE](#)

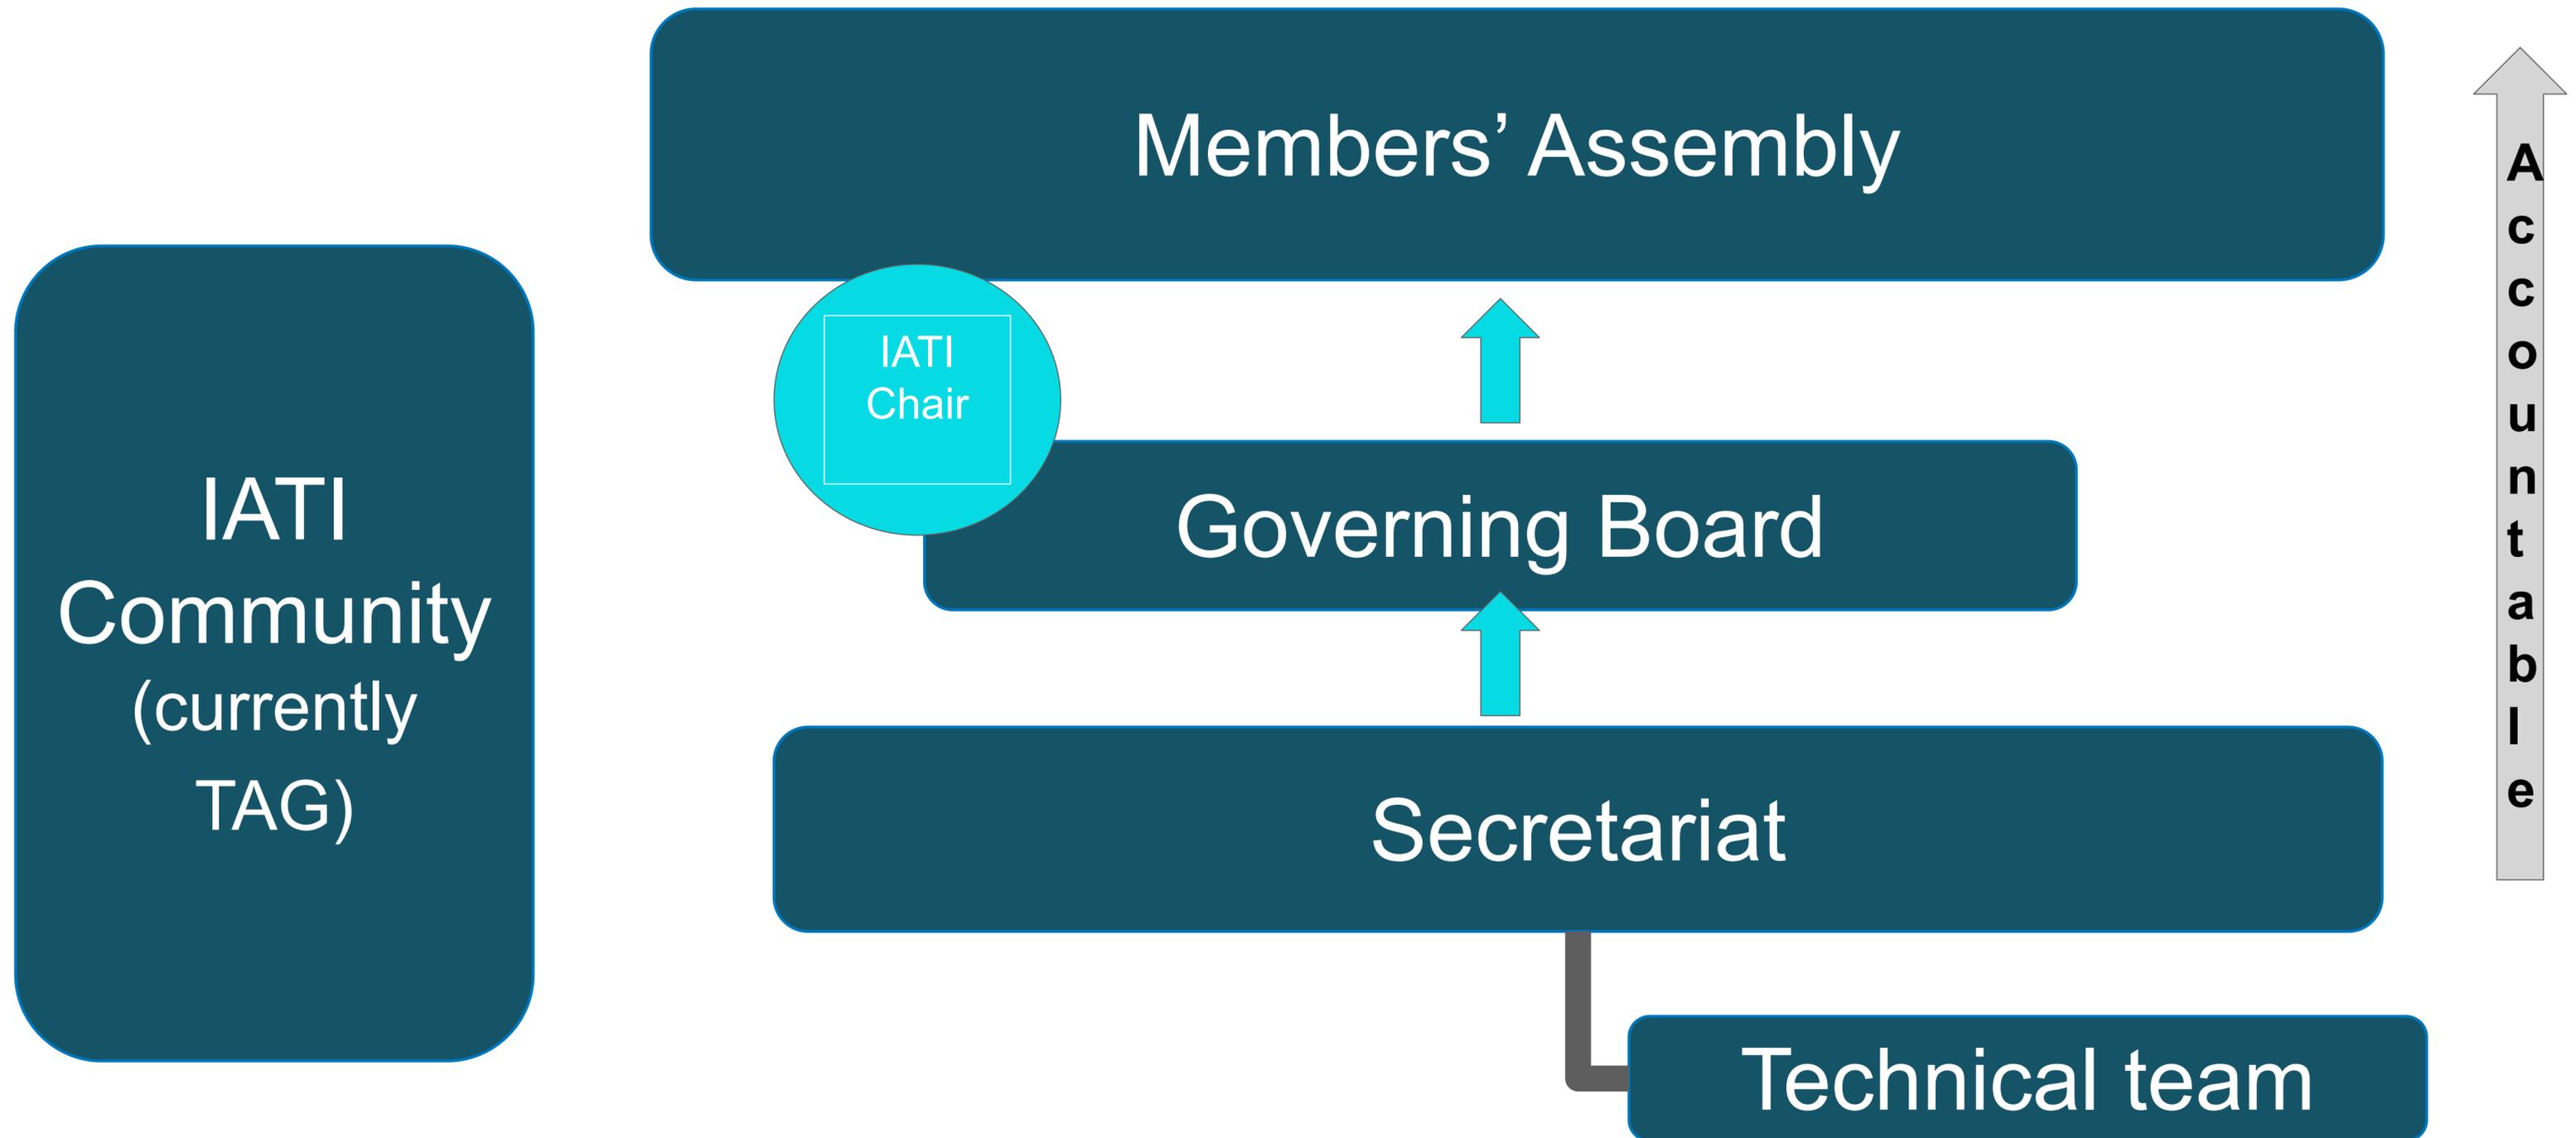

Oxfam Novib case study

By publishing data on their spending to IATI, Oxfam Novib has strengthened their commitment to transparency, improved information for internal decision-making and showcased their development activities to the world through their online portal, Atlas.

More information: iatistandard.org

The screenshot shows the homepage of the International Aid Transparency Initiative (IATI) Standard website. The browser address bar displays "Home - iatistandard.org" and "iatistandard.org/en/". The website header includes the IATI logo (International Aid Transparency Initiative) and a navigation menu with links for News, Events, Contact, Search, and Language: en - fr. Below the header, there are navigation links for ABOUT, IATI STANDARD, USING DATA, GUIDANCE & SUPPORT, and COMMUNITY. The main content area features a large heading "International Aid Transparency Initiative" and a sub-heading "IATI is a global initiative to improve the transparency of development and humanitarian resources and their results to address poverty and crises." To the right of the text is a circular image of a woman wearing a headscarf looking at a laptop. Below the main content area, there are three statistics boxes: 1. A quote from Achim Steiner, UNDP Administrator and IATI member: "Transparency is a cornerstone of our work at UNDP." 2. A box showing "1,260,899" Development and humanitarian activities published to the IATI Standard. 3. A box showing "1,033" IATI publishers that contribute data for decision-making and accountability.

Contact us

The screenshot shows a web browser window with the URL `iatistandard.org/en/contact/`. The page features a dark teal header with the IATI logo (International Aid Transparency Initiative) on the left and a navigation menu on the right. The menu includes links for News, Events, Contact (which is highlighted), Search, and Language: en - fr. Below the header, the main content area has a dark teal background with the heading "Contact us" in white. The content is organized into four white boxes, each with a teal border and a teal button for contact information.
